

As we reflect on 2025, we are deeply grateful for the supporters who make our work possible.

Together, we reached nine parishes and provided education, support, and resources to more than 11,000 individuals, families, and caregivers supporting loved ones with Alzheimer's and dementia.

As we look ahead, our vision remains clear: **to build a community where no one affected by Alzheimer's or dementia walks this journey alone.**

Your gift helps us start strong, ensuring vital programs remain available at no cost to families when they need them most. From education and support services to our Adult Day Center, your generosity provides comfort, connection, and care.

A gift of just \$100 provides a full day of care at our Adult Day Center, offering meaningful engagement for individuals and much-needed respite for caregivers. Research shows that one day of respite care can add up to 23 more days to a caregiver's ability to continue providing care.

As we step into the New Year, thank you for believing in our mission and investing in hope. Your support doesn't just change numbers—it changes lives.
